■ History Of ASDEA

- Since 2013, WSDA (Wisconsin School District Alliance as a predecessor of ASDEA) led by the Wisconsin Public School District and the University Of Wisconsin.
- Following a leading role of Wisconsin in promoting and implementing, other sibling states have joint in the alliance.
- For promoting Sino-US education exchange activities in China, the China office was established.
- 2018, with the addition of the state of Texas, the alliance updated as American School Districts Education Association (ASDEA).
- 2019, the state of Connecticut also actively joined the ASDEA.

■ ASDEA 's Footprints In China

In order to better promote Sino-US friendly school activities, Beijing Office in China was formally established in 2013 with Janesville School District of Wisconsin in the US.

The representative office of ASDEA is committed to promoting the exchange of visiting between the Public Education School Districts of the United States and China. For promoting the implementation of more Sino-US educational exchange projects. From 2014 to 2019, a number of leaders of US Public School Districts visited China especially for schools and Chinese Education Bureau. They bring more opportunity for Sino-US educational exchange development.

■ Education In China

According to the School-running System in China, schools can be divided into public, private and international schools.

The full-time education system is the foundation of China's education system structure, divided into two levels: full-time basic education and higher education.

Age	3-5	6-11	12-14	15-17	18-21
Academic year		1-6	7-9	10-12	13-16
Education stage	Kindergarten education	Primary school	Middle school (To complete the nine-year compulsory education)	High school Secondary vocational education	University degree Junior college (3 years)
level		Basic education			Higher education

International Programs In China

In conjunction with the U.S. and China education systems, ASDEA has developed a special program for U.S. and China International High Schools

Outline of ASDEA International Programs in Asia

1	Overview of ASDEA	Introduction of The Participating Public School Districts in US	Outline of SDs in Wisconsin (Leading Position), Michigan, Pennsylvania and Connecticut states, which already participating and operating programs within Asia		
2	ASDEA programs	Short Term Exchange Programs for Sister Schools	Chinese and US Students Exchange Short Term Programs	Walking into' US Sister School Class Rooms (Spring/Autumn/Winter Sessions)	Targetting K5-K12 sister school students
				Summer Academy	Targetting K9-K12 students with credits
				US Camp In Sister Schools	Targetting K1-K9

On November 7 of 2019, Xinhua News Agency North America visited and had an interview in the government of Janesville and School District of Janesville, Wisconsin. On November 13, Xinhua news published an article.

Spotlight: U.S., Chinese public high schools partner to bring in diversity

Source: Xinhua | 2019-11-13 04:26:17 | Editor: Wang Yamei

by Xu Jing, Xing Yue and Liu Yang

CHICAGO, Nov. 12 (Xinhua) -- A one-year exchange program bringing a group of Chinese students has added diversity and international perspective to a public high school in U.S. Midwest state of Wisconsin.

Thirty-one high school students from China are now enrolled at Craig High School, one of the two public high schools in the City of Janesville in southern Wisconsin, thanks to a program called Janesville International Education Program (JIEP).

Students from China enroll in US school

Dozens of students from China have enrolled in a Wyoming high school as part of the Janesville International Education Program, an initiative designed to foster relationship and cultural understanding between the United States and China. Students from the US, who are studying Chinese as a second language, also will travel to China each year.

Xinhua News Agency.(China) (11/12)

College celebrates international education

Lone Star College System in Texas recently celebrated its International Education Biennial. The event included student presentations on research projects, workshops on cultural competency and panel discussions with members of faculty and industry sharing their experiences of working abroad.

Houston Chronicle.(tiered subscription model) (11/15)

- ASCD picked up this report from the Xinhua news on November 19, 2019.

- The Janesville School District has set up an office in China since 2013 and undertaken a cooperation with Chinese schools on International High School Program (one-year period). This year, there are 31 Chinese students attending two public high schools (Parker High School and Craig High School) in Janesville.
